MEMORANDUM FOR: Deputy Director for Intelligence

FROM: Charles A. Briggs
Director, Office of Legislative Liaison

SUBJECT: Appreciation for Services of []

25X1

Bar:

1. I want to thank you for the services of [] who has, as you know, spent the last six months in OLL prior to assuming a 1985-86 Fellowship in Congressional Operations. [] has been a real plus for OLL and his performance has certainly reflected most favorably on the Directorate of Intelligence. He has proved to be a quick study, a hard worker, and a practitioner of practical politics. He has been especially helpful in finding ways to develop a two-way exchange of information between the Agency, and the DI in particular, and the Hill. On a number of occasions he has successfully found opportunities for DI analysts to debrief Congressional travelers and to share in and benefit from the expertise of various Members and staff.

2. [] good common sense and positive, can-do attitude have made a significant contribution to OLL's efforts to improve relations with the Hill. I hope that you will ensure that his home office, NESA, is aware of his very strong performance in OLL. I am confident that he will continue to represent you and the Agency well during his year on the Hill.

3. In view of the very successful experience we have had [] I am especially pleased that you are going to try to have future DI Congressional Fellows serve some time in OLL as part of the over-all Fellowship program. This should provide a much better return on both the Agency's and the DI's investment in the Fellowship, and in the long run should contribute to increasing understanding between the Agency and the Hill.
